PRESS COMMUNIQUÉ.

Dated Fort St. George, the 29th October 1937.

No. 207.—

The Hon'ble the Prime Minister presided at a Conference at the Secretariat on the 21st October to discuss the problem of preventing the overloading of motor lorries. The measures under consideration comprised the infliction of fines on the owner and the driver and the cancellation or suspension of the certificate of registration.

A proposal that a scale of fines should be prescribed and varying fines to be levied for overloading varying with the degree and repetition of the offence was not accepted on the ground that fines could only be imposed by a magistrate whose discretion could not be completely fettered and a rigid rule of this kind would operate with greatly varying severity according to the circumstances of each case.

Neither the driver nor the owner could be exempt from responsibility as the owner is primarily responsible though the driver might overload without the other's knowledge. The necessity for severer penalties for repeated offences was accepted and the Government were advised that suspension for a limited period or, even in serious cases, cancellation of the registration certificate would be permissible for a third offence.

It was noted that the driver of the lorry could not be permitted to proceed on his way with an overload and the responsibility lay on him to dispose of the surplus.

It was considered impracticable to make a general rule that all lorries should obtain a check-pass from the Police before starting a journey, but it was suggested that it should be optional for the driver to obtain on weighment or check of the load a certificate which would pass the vehicle through subsequent checks.

It was recognized that, in view of the varying local conditions of communications, a completely uniform maximum load in all districts was not practicable, but that there should be some uniformity on through routes.

The Conference agreed that it was desirable to centralize and unify the control of motor traffic and generally to abolish the distinctions now drawn between trade lorries, private lorries and lorries plying for hire.

H. M. HOOD,
Secretary to Government.

PRESS COMMUNIQUÉ.

Fort St George, November 2, 1937.

No. 803.—The Madras Regulation of the Sale of Cloth Act, 1937, was published in the *Fort St. George Gazette* on the 12th October 1937 and therefore came into force on that date. The Government have decided that the Act should be administered, under the general supervision and control of the Board of Revenue (Separate Revenue) by—

(1) municipal councils in municipal areas and the Corporation of Madras in the Madras City,

(2) "ex-union" panchayat boards in the area under their jurisdiction, and

(3) the Revenue department in all other areas.

The Board has been asked to submit, in consultation with the Inspector of Municipal Councils and Local Boards, a draft of the rules to be framed under section 7 of the Act for carrying out its provisions. Pending the issue of the rules the Government consider it desirable to make some provisional arrangements for the grant of licences in order to avoid inconvenience to the cloth trade. A notification is accordingly being issued authorizing Collectors of districts and the Commissioner, Corporation of Madras, to grant or renew licences in their respective jurisdiction. Under the proviso to section 4 (1) of the Act no fee will be levied for the grant or renewal of a licence in respect of the business carried on at any shop or place of business if it relates exclusively to cloth woven on handlooms or articles of wearing apparel made therefrom and the dealer delivers in writing that he has not sold and will not sell any other cloth or articles of wearing apparel made of cloth at such shop or place during the currency of the licence. The dealer should send the declaration referred to above along with his application for the grant or renewal of licence.

NOTIFICATION.

No. 604.—In exercise of the powers conferred by section 7 of the Madras Regulation of the Sale of Cloth Act, 1937 (Madras Act XII of 1937), the Provincial Government are hereby pleased to make the following rules:—

RULES.

1. These rules may be called the Madras Regulation of the Sale of Cloth Rules, 1937.

2. The authority competent to grant or renew licences under the Act shall be—

(1) in the case of the City of Madras, the Commissioner of the Corporation of Madras, and

(ii) elsewhere, the Collector of the district concerned.

3. Every licence granted or renewed under the Act shall be in that one of the forms set out in the schedule to these rules which is appropriate to the case

4. (1) The monthly turnover of business for the purpose of levying the licence fee shall—

(a) in respect of business carried on at any shop or place of business, be the aggregate amount for which sales of cloth and articles of wearing apparel made of cloth have been effected at such shop or place of business in the calendar month immediately preceding the application for licence : and

(b) in respect of business carried on by a hawker, be the aggregate amount for which sales of cloth and articles of wearing apparel made of cloth have been effected by him in the Province of Madras in the calendar month immediately preceding the application for licence.

(2) The decision of the authority referred to in rule 2 as to the amount of the monthly turnover shall be final.

EUROPEAN SCHOOL-LEAVING CERTIFICATES —HIGH SCHOOL EXAMINATION, 1937.

INSTRUCTIONS FOR THE GUIDANCE OF HEADS OF SCHOOLS IN REGARD TO THE SUBMISSION OF CERTIFICATES FOR COMPLETION.

Heads of schools are requested to read very carefully the instructions relating to the submission for completion of European School Leaving Certificates due in the Office of the Secretary to the Commissioner for Government Examinations, Cathedral P.O., Madras, by the 15th December and to see that every item is attended to carefully.

2. Although the 15th December is the latest date fixed for the submission of certificates, it will be an advantage if the certificates are sent soon after the close of the examination as this will facilitate the preliminary arrangements for tabulation. Heads of schools are accordingly requested to be good enough to send the certificates up as early a date as practicable. The certificates should not be sent in instalments; all the certificates of a school should be sent together.

3. The certificates should be sent preferably by a registered post, packed in stout longcloth or other suitable material; parcels in which paper is used for packing are frequently damaged in transit, and arrive in a mutilated state.

4. In cases where the certificate of a candidate for the High School Examination is not sent for completion by reason of the candidate having absented himself from that examination or having failed to fulfil the conditions regarding attendance, etc., a letter explaining the circumstances should be submitted, the certificate number and name of pupil being mentioned therein.

5. Errors and omissions with regard to the entries in the certificates should be carefully avoided, the omission of a necessary entry or the existence of an incomplete or incorrect one, necessitates correspondence and the progress of tabulation work is retarded which causes delay in the issue of completed certificates.

6. The entries on each page should be thoroughly and carefully scrutinized with a view to supplying omissions or rectifying mistakes. Alterations should invariably be attested with the headmaster's initials.

7. In cases where pupils have been exempted by the Inspector of European Schools from the age rules, or from showing school record, or have been granted condonation of break or excused shortage of attendance, the number and date of the order of the Inspector of European Schools should be quoted in the appropriate place in the certificate, e.g., on page 2 of the certificate against date of birth in the case of age exemption so that the completion of the certificate may not be objected to.

8. Particular care should be taken to see that the standard-average is entered in all certificates sent for completion and that the entry made is correct in all cases. Certificates in which the entry relating to the standard average is omitted or incorrectly made will be returned.

9. The certificates of candidates who appear for the Middle School Examination, 1937, should also be sent to the Secretary to the Commissioner for

Government Examinations, Cathedral P O, Madras, by the 15th December 1937

10. It is requested that the report in the annexed form may be sent along with the certificates. A separate communication advising despatch of the certificates is not necessary.

4. When a tender is to be accepted, the tenderer whose tender is under consideration shall attend the Superintending Engineer's office on the date fixed by written intimation to him. He shall forthwith upon intimation being given to him by the Superintending Engineer of acceptance of his tender make a security deposit of Rs. 400 (rupees four hundred) only in one of the forms prescribed in the Madras Public Works Account Code and sign an agreement in the proper departmental form for the due fulfilment of the contract. This security deposit together with the earnest money and the amount withheld according to clause 68 of the standard preliminary specification of the Madras Detailed Standard Specifications shall be retained as security for the due fulfilment of the contract. If a cash security deposit is made by the contractor he shall follow the procedure laid down in the preceding paragraph for payment of earnest money and such deposit will not bear interest. Failure to attend the Superintending Engineer's office on the date fixed in the written intimation from such office or to enter into the required agreement or to make the security deposit as defined in this paragraph shall entail forfeiture of the earnest money. The written agreement to be entered into between the contractor and the Government shall be the foundation of the rights of both the parties and the contract shall not be deemed to be complete until the agreement has first been signed by the contractor and then by the proper officer authorized to enter into contract on behalf of Government.

5. The tenderer shall examine closely the Madras Detailed Standard Specifications, and also the Standard Preliminary Specification contained therein, and sign the divisional office copy of the Madras Detailed Standard Specifications and its addenda volume in token of such study before submitting his tender unit rates which shall be for finished work in situ. He shall also carefully study the drawings and additional specifications and all the documents which form part of the agreement to be entered into by the accepted tenderer. The Madras Detailed Standard Specifications and other documents connected with the contract such as specifications, plans, descriptive specification sheet regarding materials, etc., can be seen at any time between 11 a.m. and 5 p.m. on office days in the office of the Executive Engineer, Godavari Western Division. A copy of the set of contract documents can also be had on payment of Rs. 5 (five only) for each set.

6. The tenderer's attention is directed to the requirements for materials under the clause "Materials and workmanship" in the "Preliminary Specification." Materials conforming to the British Standard Specifications shall be used on the work, and the tenderer shall quote his rates accordingly.

7. Every tenderer is expected, before quoting his rates, to inspect the site of the proposed work.

The Government will not, however, alter acceptance of a contract rate pay any extra charges for lead or for any other reason, in case the contractor

is found later on to have misjudged the materials available. Attention of the contractor is directed to the standard "Preliminary Specification" regarding payment of seigniorage, tolls, etc.

5. The tenderer's particular attention is drawn to the sections and clauses in the standard "Preliminary Specification" dealing with—

It shall be definitely understood that the Government does not accept any responsibility for the correctness or completeness of this schedule, and that this schedule is liable to alterations by omissions, deductions, or additions at the discretion of the Executive Engineer, Godavari Western Division, or as set forth in the conditions of contract. The tenderer will, however, base his lump-sum tender on this schedule of quantities. He should quote specific rates for each item in the schedule, and the rates should be in rupees, annas and in annas of three pies. The rates should be written both in words and figures and the units in words. The tenderer should also show the totals of each item and the grand total of the whole contract, and quote in the tender a lump sum for which he will undertake to do the whole work subject to the conditions of contract, such lump sum agreeing with the total amount of schedule. This schedule accompanying the lump-sum tender shall be written legibly and free from erasures, overwritings or conversions of figures. Corrections, where unavoidable, should be made by crossing out, initialing, dating and rewriting.

10. Tenders offering a percentage deduction from or increase on the estimate amount and those not submitted in proper form or in due time will be rejected. Rates or lump-sum amounts for items not called for shall not be included in the tender. No alteration which is made by the tenderer in the contract form, the conditions of contract, the drawings, specifications, or quantities accompanying same will be recognized; and, if any such alterations are made, the tender will be void.

11. The tenderer should work out his own rates, without reference being made to the Public Works Department current schedule of rates or to the Public Works Department estimate rates which are not open for inspection by tenderers.

12. The price at which and the source from which certain particular materials shall be obtained by the contractor are given at the end of the schedule accompanying the tender form. Tenderers must accept the material at these prices, and shall quote their price for finished work accordingly. Notwithstanding any subsequent change in the market value for these materials the charge to the contractor will remain as originally entered in the written contract. No cartage or incidental charges will be borne by Government in connexion with this supply.

13. The attention of the tenderers is directed to the contract requirements as to the time of beginning work, the rate of progress, and the dates for the completion of the whole work and its several parts. The following rate of progress and proportionate value of work done from time to time, as will be indicated by the Executive Engineer's certificates of the value of work done, will be required. 15. If further necessary information is required, the Executive Engineer of the division will furnish such, but it must be clearly understood that tenders must be received in order, and according to instructions.

16. The Superintending Engineer or other sanctioning authority reserves the right to reject any tender or all the tenders without assigning any reason therefor.

17. The qualifications of the supervising staff employed by the contractor in the execution of the work will be given due consideration in awarding the contract. The tenderers should therefore state in clear terms, whether they employ such technical staff and if so, to give the qualifications of such staff and the extent to which they will be employed in the work.

He shall also carefully study the drawings and additional specifications and all the documents which form part of the agreement to be entered into by the accepted tenderer. The Madras Detailed Standard Specifications and other documents connected with the contract such as specifications, plans, descriptive specification sheet regarding materials, etc., can be seen at any time between 11 a.m. and 5 p.m. on office days in the office of the Executive Engineer, Guntur Division.

6. The tenderer's attention is directed to the requirements for materials under the clause "Materials and workmanship" in the "Preliminary Specification." Materials conforming to the British Standard Specifications shall be used on the work, and the tenderer shall quote his rates accordingly.

7. Every tenderer is expected, before quoting his rates, to inspect the site of the proposed work. He should also inspect the quarries and satisfy himself about the quality

and availability of materials. The names of quarries, kilns, etc., wherefrom certain materials are to be obtained will be given in the Descriptive Specification sheet. The best class of materials to be obtained from the quarries or other source defined shall be used on the work. In every case the materials used comply with the relevant standard specification. Samples of materials as called for in the standard specifications or in this tender notice or as required by the Executive Engineer in any case shall be submitted for the Executive Engineer's approval before the supply to site of work is begun. If the contractor after examination of the source of materials defined in the Descriptive Specification sheet is of opinion that materials complying with the standard or other specifications of the contract cannot be obtained in quality or sufficient quantity from the source defined in the Descriptive Specification sheet, he shall so state clearly in his tender and state wherefrom he intends to obtain water all subject to the approval of the Executive Engineer.

The Government will not, however, after acceptance of a contract rate pay any extra charges for lead or for any other reason, in case the contractor is found later on to have misjudged the materials available. Attention of the contractor is directed to the standard "Preliminary Specification" regarding payment of seigniorage, tolls, etc.

5. The tenderer's particular attention is drawn to the sections and clauses in the standard "Preliminary Specification" dealing with—

(1) test, inspection and rejection of defective materials and work ;

(2) carriage ;

(3) construction plant ;

(4) water and lighting ;

(5) cleaning up during progress and for delivery ;

(6) accidents ;

(7) delays ;

(8) particulars of payment ; and

(9) responsibilities and liabilities of contractor.

The contractor should closely peruse all the specification clauses which govern the rates which he is tendering.

9. A schedule of quantities accompanies this tender notice. It shall be definitely understood that the Government does not accept any responsibility for the correctness or completeness of the schedule, and that the schedule is liable to alterations by omissions, deductions or additions at the discretion of the Executive Engineer, Guntur Division, or as set forth in the conditions of contract. The tenderer will, however, base his lump-sum tender on this schedule of quantities. He should quote specific rates for each item in the schedule, and the rates should be in rupees, annas and in sums of three pies. The rates should be written both in words and figures and the unit in words. The tenderer should also show the totals of each item and the grand total of the whole contract, and quote in the tender a lump sum for which he will undertake to do the whole work subject to the conditions of contract, such lump sum agreeing with the total amount of Schedule A. This schedule accompanying the lump-sum tender shall be written legibly and free from erasures, overwritings or conversions of figures. Corrections, where unavoidable, should be made by crossing out, initialing, dating and rewriting.

10. Tenders offering a percentage deduction from or increase on the estimate amount and those not submitted in proper form or in due time will be rejected. Rates or lump-sum amounts for items not called for shall not be included in the tender. No alteration which is made by the tenderer in the contract form, the conditions of contract, the drawings, specifications, or quantities accompanying same will be recognized ; and, if any such alterations are made, the tender will be void.

11. The tenderer should work out his own rates, without reference being made to the Public Works Department current schedule of rates or to the Public Works Department estimate rates which are not open for inspection by tenderers.

12. The attention of the tenderers is directed to the contract requirements as to the time of beginning work, the rate of progress and the dates for the completion of the whole work and its several parts. The following rate of progress and proportionate value of work done from time to time, as will be indicated by the Executive Engineer's certificates of the value of work done, will be required. Date of commencement of this programme will be the date on which the site (or premises) is handed over to the contractor for the work.

Three months	50
Six months	100

13. No part of the contract shall be sublet without written permission of the Executive Engineer nor shall transfer be made by power-of-attorney authorizing others to receive payment on the contractor's behalf.

14. If further necessary information is required, the Executive Engineer of the division will furnish such, but it must be clearly understood that tenders must be received in order and according to instructions.

15. The Executive Engineer or other sanctioning authority reserves the right to reject any tender or all the tenders without assigning any reason therefor.

16. No payment will be separately made for bailing water during the excavation and forming protective bunds closing jungle at site and diversion of roads required during execution. The rates quoted by the tenderer must include the above-mentioned charges.

17. The tenderer may however mention an earlier date which fact will be taken into consideration and this earlier date will thereafter be considered as the date fixed for completion of the work.

18. The qualification of the supervising staff employed by the contractor in the execution of the work will be given due consideration in awarding the contract. The tenderers should therefore state in clear terms whether they employ technical staff and, if so, to give the qualifications of such staff and the extent to which they will be employed on the work.

3 The various classes have been stored in the sandalwood godown in lots of 10, 15 and 20 tons for convenience, but the lots so exposed will not constitute an actual lot for which bids will be accepted. Each class of wood will be offered for sale separately in lots of 20, 15 or 10 tons or less if convenient, such lots merely consisting of a certain quantity of the class of wood then being sold Bids will be per ton of each class of wood

The bids shall be advanced in multiples of rupees five per ton and not less.

4 The sale will be subject to confirmation by the Conservator of Forests, Salem Circle, who does not bind himself to accept the highest or any bid

5. Before being allowed to bid, each intending bidder must pay an earnest money deposit of Rs. 1,000. If paid in cash immediately before the sale, this should preferably be in the form of Madras notes for Rs 1,000 or Rs 500 A receipted Government treasury chalan for the amount will also be accepted. In the case of intending bidders, who have previously bought sandalwood from the forest department, a cheque on the Imperial Bank of India for the amount will be accepted, but the discretion to accept such cheques rests entirely with the officer conducting the sale.

6 If two or more persons in partnership attend the sale with the intention of purchasing wood jointly, only one member of the partnership will be recognized for purpose of bidding and the deposit will be accepted in his name

7. The earnest money deposit of unsuccessful bidders will be returned immediately after the sale is over, and that of successful bidders will be credited towards the first instalment of the purchase price

8 Each purchaser shall, immediately a lot is knocked down to him, sign his name at the foot of the sale list, in the column provided for the purpose, and such signature will be held as an admission on his part of his having purchased that particular lot and of having accepted the conditions of the sale notice.

9. Immediately the sale is over, each purchaser, if his offer for any particular lot has been accepted by the Conservator of Forests, will be furnished with a memorandum showing the total amount due from him. He shall remit 25 per cent of this amount, less the earnest money deposit, into the Imperial Bank of India at Vellore or the Reserve Bank of India at Madras, within fifteen days of the confirmation of the sale and another 25 per cent before the 20th January 1938, the balance of 50 per cent being paid on or before 24th February 1938 or against delivery, whichever is earlier. Should any purchaser fail to make the necessary remittances by the due dates the money already remitted will lapse to Government and the District Forest Officer will be at liberty to resell the wood in question at the risk of the purchaser who shall be liable for any loss, but shall not participate in any profit which may arise by the resale.

10. After 50 per cent of the entire sale value has been paid to the credit of the Forest department, delivery of the sandalwood shall be made to the purchaser provided that until full payment has been made a quantity of wood equivalent to 25 per cent of the full sale value shall remain unremoved, but paid for.

The delivery will be by full lots at a time and no lot will be delivered by portions

11. On the purchaser's presenting chalans as proof that 50 per cent of the entire sale value has been paid, a proportion of the wood purchased will be weighed in his or his agent's presence and the quantity handed over to him as provided for in condition 10 supra. If, however, proof is produced that the entire sale value has been paid, the whole sandalwood purchased will be weighed and handed over. The purchaser must take delivery of and remove the whole of the wood sold to him on or before the 6th March 1938.

Should any excess over the quantity paid for be found in the quantity purchased when weighing at the time of delivery, the excess will be paid for by the purchaser at the rate at which it was originally purchased before effecting removal. If any one purchaser has purchased more than one lot or class and if there is any excess in one lot or class and deficit in the other, when weighing at the time of delivery on a particular day, the value of the deficit noticed calculated on the rate at which the main lot or class was sold will be adjusted towards the value of the excess quantity noticed in the other lot or class as the case may be, and the balance, if any, still due from the purchaser will be collected before permitting him to remove the quantity delivered during the day. If, however, the net quantity delivered results in a deficit on account of drygge over the recorded quantity at the time of sale, the value of the deficit quantity at the purchased rate will be refunded in due course.

12 The accepted bidders, when deputing their agents to take delivery, must furnish each agent with a power-of-attorney duly stamped and bearing the signature of the person so deputed. A copy of the power-of-attorney must also be sent to the District Forest Officer by post, with four specimen signature of the agent Failing this, delivery may be refused pending verification, in which case the delay will count against the accepted bidder.

13. No further cleaning or classification of sandalwood will be undertaken by the Forest department nor will purchasers be allowed to clean any wood previous to weighment The classification, cleaning and weighment as determined by the Forest department, must be accepted.

14. After the wood has once been weighed and handed over, if the purchaser fails to remove all the wood within the period allowed in clause 11, demurrage will be charged at the rate of Re 1 per ton per diem from the last date fixed for delivery until the wood is finally removed.

15. No sandalwood shall be removed from the depot till a licence to remove it signed by the officer of the Forest department, who delivered the wood, shall have been obtained and till every piece of sandalwood that can be stamped bears the department's 'sale hammer' mark.

16. The officer conducting the sale shall be at liberty to stop the sale at any time without giving any reason to the intending purchasers.

17. The wood purchased by each purchaser shall be in the depot at the purchaser's risk from the date of sale until it is removed.

18 The purchaser shall bear the cost of taking delivery of sandalwood.

19. Each intending bidder unless specially exempted by the Conservator of Forests, Salem Circle, Salem, on an application made in writing at least fifteen days before the date of sale, must produce a solvency certificate signed by a responsible Revenue Officer of the district in which he resides, and the District Forest Officer holding the sale may refuse to allow any bidder not so exempted to bid beyond the amount guaranteed in such certificates.

20. The purchaser should give at least seven days' notice of his intention to take delivery, to the District Forest Officer, Vellore West, Tiruppattur, supported by bank remittance in token of payment. No delivery will be made on holidays.

21. Any supplementary conditions that may be found necessary will be added and read out at the time of auction.
